- Australian owned
- Made in Australia
- 97% Australian ingredients

PurePro is filling a gap in the Australian dog food market with a product that contains close to double the amount of protein, double the amount of fat and up to **10 times the amount of Omega 3** compared to big brand regular dog foods. Its protein comes primarily from 3 types of fish meal, and the high fat content is the result of a **very generous dose of top quality Australian salmon oil**.

PurePro is a complete diet, conveniently packed in a 9mm pellet, with a 12 month best before date. Suitable for dogs of all ages, **from their very first dry feed to adulthood**. Ideal feed for growing pups, pregnant or whelping bitches and active or working dogs. Control serving size in adult dogs to assure the dog maintains a healthy weight.

Ingredients:

Fishmeal, Finfish meal, Fish hydrolysate, Salmon oil, Meat meal, Blood meal, Poultry meal, Lupin kernel meal, Wheat bran, Tallow, Vitamins and Minerals, Antioxidants.

Nutrition Table

Protein	44%	B1	16.7 mg/kg
Fat	32%	B2	26.7 mg/kg

Omega 6	2.3%	Biotin	0.6 mg/kg
Calcium	1.5%	Folic Acid	100 mg/kg
Phosphorus	1.1%	Vit C	250 mg/kg
Vit E	300 mg/kg		

"It's taken FIVE YEARS (!!!) for us to find a dog food brand that doesn't let them down! Dogs that we've had for years and have never seen in excellent condition are looking the best they've ever been! Soft and shiny! Need our sunnies on every time we look at them. We highly, highly, highly recommend this product!"

*- Courtney Robinson,
Killilli contracting & working dogs, QLD*

"This stuff is miles ahead of normal dog food. After using it for 3 weeks my dogs coat went from looking rough and dry to shiny and she has heaps more energy. I'm only using about 1/3 of what I used to use with normal dog food so it's a huge saving. Thanks for the awesome product !!"

- Brady Bowen, Mildura VIC
